

## "Sustainable Development" Charter

**Aim 5: Establish balanced, long-term relationships with our partners, suppliers and subcontractors**

- > Action 5.2: Develop a partnership approach with our subcontractors

 **Entity:** Bouygues Construction

 **Operational Unit:** GIE Achats

## Overview of the Initiative

- > **Objective:** To ensure compliance with environmental and social standards.

- > **Description:**

A sustainable development charter has been gradually attached since May 2007 to all contracts signed with suppliers and subcontractors. Particular attention will be given to companies in emerging countries, where legislation is less stringent than in OECD countries.

An audit procedure concerning quality and welfare rights has been drawn up by the purchasing departments of the different entities in order to control risks in these areas as effectively as possible (see attached documents).

 **Possible partner(s):**

 **Start date:** 2006

 **Indicator:** Percentage of contracts signed with subcontractors which include the sustainable development charter
