

« SAFETY, HEALTH, I'm involved »

Aim 3 : To be the leader in our profession in terms of health and safety measures

- > Action 3.1 : To increase preventative measures in terms of the environment, across all continents

Entity : Bouygues Bâtiment Ile-de-France

Operational Unit : All

Action Presentation

- > **Objective** : Achieve "zero accidents".

- > **Description** :

On 4 April 2008, more than 5000 collaborators, 700 partners, temps and sub-contractors came together in Villepinte to discuss Health and Safety. This convention gave the go-ahead for the campaign "safety, health, I'm involved" which has one aim : "zero accidents".

As a result of the convention, members of Bouygues Bâtiment Ile-de-France Management Committee signed a charter made up of 5 Health and Safety commitments :

- **Health and Safety above all else**

Safety is our priority. We are committed to taking care of our health

- **Professionals**

We are committed to anticipating, preparing and implementing the rules

- **Teams**

We are committed to transmitting and sharing our experience and our know-how

- **Partners**

We are committed to involving all project stakeholders in our movement forward

- **Supervisors/Foremen**

We are committed to acting as vigilant and exemplary citizens

Bouygues Bâtiment Ile-de-France collaborators were also invited to sign the charter.

3 decisions were made :

- Possibility for all collaborators to have a free health check carried out by social security every 5 years (for all collaborators with more than 5 years service).
- Implementation of obligatory Health and Safety training for all collaborators entering the company.
- Equipment storage : 2 door cupboards, a collective cupboard for clothes drying for 9 partners, a storage chest and a safe.
